THE PUBLIC SCHOOL LIBRARY.

In Memory of Adolph Seckel.

3 MY 15 :0.

On Thanksgiving Day, 1896, Mr. C. B. Beach, then president of the Board of Education, received from Mr. Albert Seckel a letter, inclosing a check for one thousand dollars, to be used to found a public school library in memory of his brother, Mr. Adolph Seckel. A committee was appointed by the Board of Education to select and purchase books. Suitable cases were procured and the books were catalogued. A librarian is in charge at stated times in order that books may be drawn from the library by the teachers and pupils of the schools.

At the present time, when private schools and colleges are being so amply endowed by the gifts of wealthy men, it is noteworthy that a public-spirited citizen should thus enrich the work of the public school. In a republic the public school is the school of the people, and there are many opportunities for wealthy men to supplement its work through liberal endowments.
